RE: Doggett for Congress Committee
FEC Identification No. C0028650
Response to FEC Inquiry of December 19, 2006

Dear Ms. Grant:

This letter is in response to inquiries dated December 19, 2006.

Reference: Amended October Quarterly Report (07/01/06 ? 09/30/06)

The Commission's preliminary review noted a discrepancy between the beginning cash balance of the Amended October Quarterly Report (2006) and the ending cash balance of the July Quarterly Report (2006). The beginning cash balance for the October Quarterly Report (2006) was the result of clerical error. Instead of applying the ending cash balance from July of 2006 to reflect the beginning cash balance for the amended October report in 2006, the Committee's ending cash balance from the July Quarterly Report in 2005 was given. The report has been amended to reflect the correct beginning cash balance for October of 2006.

Reference: Amended 12 Day Pre-General Report (10/01/06 ? 10/18/06)

On line 17 of the Summary and Detailed Summary Page, the cycle-to-date total (column B) figure does not reflect a \$12.09 disbursement made to the Democratic Congressional Campaign Committee for postage services on September 12th, 2006. This disbursement was incorrectly entered with a date of June 12, 2006, causing the cycle-to-date total to include the figure despite its exclusion from the reporting period's total. Accordingly, the 2006 12-day pre-general report has been amended to reflect this disbursement and other affected summary line errors related to this discrepancy are now correct.

On line 11a (iii) of the Summary and Detailed Summary Page, the cycle-to-date total (column B) figure does not reflect the aggregate of the previous reports' totals. After reviewing the Committee's records, the source of this discrepancy has been isolated. On September, 12, 2005, the Committee received a contribution in the amount of \$100.00. The contribution was made by check but was subsequently returned by the contributor's financial institution due to insufficient funds. The same check was re-deposited in the Committee's account on September 24, 2005 at the request of the contributor. Mistakenly, this one contribution was recorded twice; once on September 12th, 2005, when originally received, and then again on September 24th, 2005. Therefore, two separate \$100.00 contributions were attributed to a donor when in fact only one contribution had been made. On 06/28/06, one of these contributions (09/24/05) was deleted from the Committee's record-keeping system. This action offset the aggregate totals for each subsequent report the Committee is required to file by \$100.00 less than originally reported.

Accordingly, the following reports have been amended to reflect the accurate amount on line 11iii of the Summary and Detailed Summary Page: 2005 October Quarterly Report, 2005 Year-End Report, 2006 Pre-Primary Report, 2006 April Quarterly Report, 2006 July Quarterly Report, 2006 October Quarterly Report, 2006 Pre-General Report, and 2006
